INDUSTRY EXPERIENCE

EVENT COORDINATOR AT NEUMONT COLLEGE OF COMPUTER SCIENCE FROM AUG 2017 – CURRENT

Student Worker

- ✓ Assuring a boring-free, exciting, and engaging campus life for students by creating and managing events

INTERN UIUX DESIGNER AT RIZEPOINT FROM APR 2019 – CURRENT

Neumont College of Computer Science Collaborative Project

- ✓ Decreased slide deck preparation time by cleaning up RizePoint PowerPoint themes to be consistent and on brand
- ✓ Sped up UI planning time and development time by restructuring UI blocks to be developer friendly
- ✓ Improving upon the consistency of the product site by redesigning outdated user interfaces

FRONT END WEB DEVELOPER FOR COMMUNITY CORK WEB APP AT ZIING FROM JAN 2019 – MAR 2019

Neumont College of Computer Science Collaborative Project

- ✓ Worked with a team of 4 devs to build this project from the ground up. Technologies/Services utilized were ReactJS, MeteorJS, MongoDB, and Adobe CC
- ✓ Clean UI wireframes, mock-ups, and prototypes were designed to help create an application with an awesome interface and great user experience
- ✓ Applied front-end web development skills alongside the team's unique skill sets to get the project off the ground and build a solid foundation for future devs

EDUCATION

BACHELOR OF SCIENCE IN WEB DESIGN AND DEVELOPMENT AT NEUMONT COLLEGE OF COMPUTER SCIENCE ON EXPECTED AUG 2019

- ✓ Kept student life on campus carefree and enjoyable as a Senator of the Unified Student Government
- ✓ Conducted outdoor events that helped students get out and get active as the Neumont Outdoors Club Vice President
- ✓ Acquired the "Student of the Quarter" award for being a hard-working student the prior quarter
- ✓ GPA: 3.72

PROJECTS

PORTFOLIO ON JAN 2019 – MAY 2019

- ✓ My online portfolio site built with React.js
- ✓ Designed and developed to showcase use of technical skills as a developer and creativity as a designer

HOW TO BELIEVE IN YOURSELF ON APR 2019 – MAY 2019

- ✓ Online flipbook app built with Angular
- ✓ Utilizes angular routing and components to create a sleek and fast one-page application
